## A Notable Speech in the Senate.

A wind of sanity blew through the Senate when the juntor Utah Senator, George Sutherland, on Tuesday "submarine warfare" and the foreign policy of the Administration. Since the Sixty-fourth Congress assembled there has been no utterance about the war more logical, lucid and courageous. It was virile with a healthy. out being oratorical. In short a notable speech. Concerning the proposal to warn Americans not to travel on merchant ships armed for defence Mr. SUTHERLAND said the unanswerable thing:

"I shall never give my consent to the der the sad necessity of seeking reparation for the destruction of the lives of

The proposition advanced by Germany that "a new engine of destruction" automatically modifies internacan doubt it? The record of ships former it had ever known, went into

without responsibility.

But quotations cannot do justice to Mr. SUTHERLAND'S sterling speech. informed as it is with a patriotism sane, philosophic and unafraid. Everybody should read it from beginning to end. To despair of the Senate, as some people are disposed to do, is unworthy of any of us when it contains men of the calibre of George the last gun is fired. SUTHERLAND. However, he is not a new discovery. He has long been known as a clear thinker and vigorous speaker. On July 12, 1911, THE Sun had the pleasure of publishing in full his admirable speech upon the "composite citizen." a satire full of truth and wit.

# Thompson? Or Straus?

Chairman Oscas S. STRAUS of the Public Service Commission will receive greater confidence as an agent to pass upon the qualification of than will be accorded to Senator GEORGE F. THOMPSON. It is true that the Niagara county statesman is freer with accusations than Mr. STRAUS IS. but he labors under an infirmity which prevents many of them from enduring the test of examination.

So strongly does Mr. STRAUS fee with regard to the Thompsonian assault on TRAVIS WRITNEY, he has announced his intention to guit the commission if Mr. WHITNEY be not confirmed. The people of this city want Mr. STRAUS to remain in office. They are willing to abide by his judgment read a carefully prepared speech upon in the approval of his associates, a subject that obviously is of the gravissue if Senator THOMPSON should threaten to resign if Mr. WHITNEY is able results. confirmed, and the Senate, in the face inspiring patriotism; eloquent with of that impending catastrophe, should promptly confirm him.

during the war, are sometimes beyond a plain man's comprehension. In his samance of a formal and official notice retirement from the Cabinet the Right such as has been proposed, which, if not Hon. # **WARD PAYS TRIBUTE** TO FRENCH BRAVERY

Explorer and Artist Lectures at Sherry's for Benefit of Relief Fund.

# SKETCHES TRENCH LIFE

Every French soldler has the conviction that sooner or later be w be killed in battle, said Herbert Ward the explorer and artist, yesterday in a ecture at Sherry's for the hone the War Relief Clearing House to France and her Allies.

M. Stanley on some of his expeditions, has just returned from France, where He was decorated with th told of many interesting exper-

ences, which were illustrated by stable; organized matter manifesting itself in living forms is through the very
nature of its molecular structure unstable, and relative improved its. may so use the word, is found solely in the simpler forms of cell life, such as the amoeba, which propagates by fissure and their country ungrudgingly and then in a sense exhibits personal immortality have taken up the work of the men within the conditions of its existence.

The life of man bases itself on the for which the women of France are

tion of social units is the collective ex- a head wound, one after bayoneting five pression of the individual cellular ag- Germans in hand to hand fighting and

No more than are He said he would wait his turn unt bread When he was placed or r state depends.

The fact that the human race as a operating table he died almost instantly hole accepts the doctrine of immortal of hemorrhage. They found a bullet ive, constructive, and in a sense a the exposed area between the lines. T finally had to rush out and drag The doctrine of personal immertality back. She formerly lived in a v
